Good morning,

Do you have a draft proposal or options paper that can be shared with us about this? Is there a timeline scheduled, like a date when this would be presented to OPP's management?

Thank you,

Quinn – Tom Charlton is Acting BC while I’m out. Conveniently, he has also been tracking regulatory actions pertaining to Plant Incorporated Protectants. We haven’t had a chance to think it through, but it occurs to us that similar issues have come up in that context. Tom will be your primary POC while I’m out, but please keep me in the loop on any subsequent correspondence.

Quinn – I’m sorry for the delayed response. My intent was to put this on the agenda for last month’s OCE/OGC coordination meeting. Unfortunately, it was cancelled because it conflicted with the early dismissal that occurred the day before Thanksgiving. I’m not sure Deliberative Process / Ex. 5

Deliberative Process / Ex. 5 With the next coordination meeting falling during the December holiday season and many expected to be out on leave (I’m out thru 12/31), the next coordination meeting isn’t likely to occur until late January. If this is more urgent, we could schedule an ad hoc meeting earlier in the month. If necessary, I’m open to joining a meeting during my leave. In the meantime, here are my preliminary thoughts.

In general, Deliberative Process / Ex. 5 I don’t believe Deliberative Process / Ex. 5

Good Afternoon,

I am emailing to follow up on my previous email regarding our recommendation for response to the treated seed petition and if it would have any effect on OECA’s work. Please let me know if you have any initial thoughts on this or questions to move forward.

Thank you,  
Quinn
